c.a.ms, to perease the efficiency of the service. Times article had this dispatch:

ernment and remedles for present and growing evils.

Lecent reports from Inc a slow the earthneed evad of Casamere to have been extraord nary n their phenomena and atwhited with great loss of tile. Three towns subject. The gist of the article is that Gerare reported to have been enguifed by the erai Crook should have had men when the opening of the earth.

The first offic a act of the new postmaster of Chicago was to reappoint as assistant postmaster Mr. C. S. Squares, who has served in the office's nee 1860, and, for the last twe veyears has been his executive head. This is rea civi. service reform.

Running over the list of limited States senators it is astonishing to find what a moneybag assemblage the senate is. The crift of political favor evicently runs strongly to the criticisms equally fool share made. General, side of a cash consideration in choosing the Crook is condemned by these effusive writers

mat the war between England and littles a lave been fine. But this policy to reloace that two great nations will not be plunged into war. Prayer should be offered made for the unclans now on the war path, also for those neather who regret there was and they will deserve a the punishment that no war.

Our street commissioner is making a strenuous and commencable effort to collect the politax. Le wil mus have more money to spend on the streets. If it were known that the money would all be expended on sor naing the streets the tax would be collected much easier.

who was charged with perjury in the Madain-Ga agher case, prings to git 718 who e transaction of substituting spur ous palots in s n not putting a the agencies of the Princess Bestrice as a wedding present a "bee" the Eighteenth ward u the recent election. Abaches in charge of Genera Crook. An obic a. whose namelinas not hitherto been mentioned is implicated.

the trouble between England and Russia W. soon be referred for arottration. We believe that this worder a ditting enoung to Gladstone's public career. Lat de sial dave honorab y averted a war, he has done a service to England and manking that cannot be ly not doing his cuty as an a derman or fu-

Consu Mackey, who raised a disturbance at Rio Grance do Su., Brazi, by shooting an editor who shancered him, is how on that. Lis mother has sent him a Bixe with her prayers, and his father but in a pair of Co.:'s revo vers and _00 cartrages, revised edition, w to the caution that will e reading the 3.5 e and saying is prayers he should not forget to see that the p sto s are properly, oacled.

The Methodist Times, an English paper, gives an account of a new zinc of strike. It says that the employes of a great Shelle C. from foundry-that of Messrs. W... am Cooke & Co. - ale y vo untar y agreed to work for nothing for a week, to assist the firm curred the great depression in the rong rade. That is empiatically a Christian strike. When capital and labor hold such relations to each clnance status unamented. We we not other, these painful and per forsivolen; outours is among laboring men will be at an epc.

The ordinance limiting the firms of using to enforce in I; has been a dead etter. ne nyurante nas proven a wise one. But t gation. The time new sise short that every with the power of enacting ordinances. and not use our single water supply at any line was do his day, however, we will the compensate. Our in lead a needed himself hereads

For the non-mutary investigator of the mecrutable, the Abache policy of Gereral Crook is hard to grash. Ostensiby, It iroceeds on the hypothesis that the barbarian's vancement, who has duped sincere pro- exaggerated in France, and is dangers in have such a large amount of compativeness is done in this way than in Berlin; but have a man possessing some of the virtues (and graces of civilization, "Show the Inc. an t iat you have confidence in him, and he w... not betray your conficence," is one of Genera. Rates made known on application at the office. Croos's max.ms. __e proceeded, accordingly, a. sonspilato par er tart srosca ser work or 1.8 good believ or: gave him the freederalof Facilities for Flain and Fancy Job Printing equal the San Carlos reservation; permitted in mito to those of any establishment west of APP 1.8 | wearons and to breed APPO 18 | Weapons and to breec horses instead of cattle-tast is, to provice 1.8 young men with a re-mount in case hey should wish to resume the :war para. * So was fulfilled the first part of Genera Crook's max in, and so was devolved upon the Apaches the moral obligation to the in-No c aims are allowed against any employe of the second part. Certain yit's not creditable to the moral training of those ferocous av-Biges that they have a sappointed General. cour's expectations and shaken buble factor in the correctness of its amiable opinion of Tiem. - Chicago Times.

"The showe is from the Chango Times and "Is lear", y encorsed by the Rocky Mountain News. It seems amusing at least to react lese criticisms on the ablest inclanding year in the army, to fylicently tiese papers have the impression that the Apactes A correspondent of the patent, and de says are one tribe and whenever that he will prove that the old ordinance can in one is an Apacie raid, it is by the same be enforced. It seems to us that Aderman in De. The guorance is amusing if not pardonable. As a matter of fact the and ans subduct by General Crood two years ago have Postmaster Genera, V. ast ax ass created no. left their reservation and therefore have consternation among railway clerks as well as thaton no part in these raids. The News of 208 masters. He seems to De working, as he yesterday with republished the Chicago

WASISINGTON, une 4.-- le comple-Secretary Bayard in his accress before the somer of incian affairs his received the latiterary societies of the Kansas university lowing to egram from Agent Fora at San Do nter, our the cangers of our formiof gov- Car os reservation, respecting the attitude inward the government of the Apaches on that reservation:

"A count shows that n y bucks are at lonide reservation. There is perfect quer and order here. These inclans have commenced -70 baivest ; reig grain."

The New York Times is also wise on the and ans were raiding. At evident y tainks the territory General Crook is protecting is about the size of Mahnattan sainc. Now the inclans generally do not choose to do their ratelig near the best defended territory. It is faconsiderate but true. To protect his department as the Times suggests would require 250,000 n en. 11 wou c. be as sens ble to con-Cenin the police force for hot being in every Bouse where a Durg ary is attempted or for not being present to prevent a corine. Other particular representatives of sovere gnistates. Who know nothing about his policy, and not ng of the character of the inclans. In trusted Our dispatches announce very definitely the inclans at San Caros and ley went on the way path. No detense is to se can be given. But this is not excuse for the who esa e concemuation of General Croos. has shown his wiscom and courage ido practice of law a hat state, often to make the critic sins of agnorant serioners effective. Liesuits have shown at of Genera. Crook's re ance on the inclais to lewe founcec. Lis mare 1 of 400 m es into a parren, unsettled country with on y 200 write so diers and 400 A pacife undians is sime frest The confession of one Gi more of Calcago, in memory. Light these inclans been a soya they could have lutterly crusted Crook without the aid of the nost, es. The on ym. stage

EYROCHITICAL OR SINCERE! Alderman Wilder s charman of the police if the telegrap no news is to be believed, committee that has in charge the execution of the liquor ordinance. The 18w counce has been in olice a most two mouths. We under cert. stand that Mr. Wi der has not called a scommilitiee together to arrange any o an to execute This orc. nance. In notice ng this he splainfilling the pleages he make to the prohibition-1818. Lie has posed as an extreme prohibition. est. but it is time for him to stop posing and act. He was able to prevent any direct expression of the peop e on the question of the kind of an ordinance we should have at the and city election. But the people manthe same. The meaning of the ecction was well enough understood at the time. An attempt was madel to frame an ordinance in accordance with the wishes of the people. The result was not al. that was expected. But I was one that could have been enforced and would have stopped Gram Crinking. Ta's was something. Mr. W. cer offered an amendment which he knew? was contrary to public sent mentioned to was carried. ine then woted to lay the ordinance' en the tabe. The result is that the old or ! here discuss the wiscom or foo ishness of this ordinance. We simply know that for nearly!

Now there are two explanations of Mr. is a question whether there is any need of its. Water's course in keeping a dead exteriorals. rigid enforcement at the present time. We hance on the statute books against the will of a uncerstand that the reservoir is in and over- the people. One is that he is a sincere protowing during the day. This overflow we a binomistand wants the most racida , law need on our lawns and gardens. When the possible, If he is a sincere production at he ore mance was aret enforced there was a great war no at the can to perform his sworn duty scarcity of water. At times the reservoir was to secure is enforcement. Lie is cua rman of ure so that we were in canger of a serious age the police in securing cases and prosecut-

hydran: s turned on and a few Another explanation is that he was not sumigutes after ave there is very little pressure. cere in his action but did it to secure the help in the northern part of the town no water of prohibitionists for some political office. w. Low n many houses even on the first He is chaliman of the bo de committee and . floor, while in the central part of the city at least would not secure the opposition of of God, and they are none of them in a nurry frequently no water will how in the second the cruggests, if he cit, not enforce it. This in abandon their natural for incations, and story. The inconvenience is great and results to be was therefore to have the strongest law change their dear is and into a peniusula. from having so few hours for intigation and possible on the statute pooks, and then do 'G' course, ling and safetuse is ascribed to from a. .rr gating at the same time. ... nothing to enforce t. Thus he at once pleased various motives by French ournal ste, who would be better to have twelve hours for r- the production sts and mid nothing to cle- cannot, or will not, enter into her real reason rigating and have the city districted so that years the druggist. A c securse by James Preeman Carge on

American religious matory: The American Tract Society once published s tract designed to counteract the evils of ntemperance, in which the properties of in-

OX cat og drings are tous noted: Water-Lead 1 and weat 1.

Milk and water, sma beer-Serenily, long ile, lappiness.

Cider, wine, porter, strong peer-Cheerfulness, strengt 1 and nour soment, when taken n sma , quantities and at mea.s.

Farmer cown the scare, puner, toucy, brancy, etc., are incicated as injurious; and hence in s was, and in its day did good service as, a temperance tract

The Presbyter an board of publication once published a catechism for the use of slaves, Of course t is to be at once admitted that this was needed and usefu, indeed its very existence proved a better moral atmosphere han had once existed. Nevertae ess it is such a character as must now mark it a speciman of an extinct race. John 3. Gough tells of to constitution of the first temperance soclety organized in this country. One of its by aws was to talk effect:

That to member of the society may get intox cated without fines imposed, except on ne fourth of July, of upon regularly appointed raining days.

Rev. Dr. Wm. _ Gage, writing from Germany, notes the following encouraging signs of religious progress in the "Fatherland;"

remember when the courches in Ber in were empty, save the Carnedra, which drew a crowd simply to hear its exquisite music and to see the roya, family. Now the courches has seen one of the discomilars of the past

winter and spring that it has been hard to get even a comformate standing place in some The parisa charches of Berlin and Le ps.g. And the more evangelies the min-.8 or the greater 's sure to be the crowd. So great 700 .8 148 desire to hear the decidedly evange ca ministers of Berlin that they are

A Treasury Defaication.

NEW ORLEANS, June 5 .- com ... An we morte, for seventeen years a confidentia clera in the United States sub-treasury in this city, ack o' colles on. On this account this more the defaulcation has not yet been ascertained, than probabe that Mr. Gaestone we be in- but it is he even to be more than \$13,000. cuced to remain in politics and lower for the P.S. Herwig the sub reasurer, which make the and been sen to all parts of this country, Mexico, Canada and Europe. It s believed tiat Aufgemente has gone to Mexico, and as he has been a defau ter to the government of the United States he can be apprehenced and returned from any country.

WASHINGTON, June 5.- The secretary of the treasury to-cay received a te egram from .. A. Samp e, of the J. S. treasurer's office. Who is a present engaged in investigating tie affairs of the assistant treasurer's office at New Orleans, reporting a shortage, so far ciscovered, in the accounts of mullatec cur rency of J. St notes, deposited for recemption to the amount of \$35,543. Le also reported that ledemption Clerk J. ... Aufcemorte, who is suspected of defaction, thas Gisappeared and the efforts to arrest aim have proven unsuccessiu.

In speaking of the dela cation to-day the J. S. treasurer said be proposed to make a ful and complete examination of the alairs of that sub-treasury. The treasurer says this possible that the total shortage may be ncreased to \$50,000, and intimates that Aufcemorte is not the only person concerned in the transaction. Le says the government wil. suffer no cess as it is amply protected by the sone of the a-sistant treasurer.

NEW YORK, June 6 .- A special to the Sun from New Orleans says. investigation made by the governmen of the defa cation in the Jinted States sub-treasury in this city was so secret y concucted that even the press had no mea of what was going on. Accounts were examined May 23 and found correct. On Saturcay another investigation made discovered a shortage in die accounts of Aufgemorte, redemption clerk. On Monday morning Auficemorte far ec to appear at his office. The case was but in the bands of Let crives and the gepartment at Washington notified, Everything how slows that Autcemorte managed his light very skilling. It is supposed by officers that he left here for Mexico on a Samurcay train and consequently landed in Mexico Sunday. When, therefore on Youcay the fact of the deacanon became Au cemore was in the interior 3 exico. When the first became known it was estimated by sub-Tleasurer Lerw g at 510,000. It is a rear v subscize the A gran tribes. It would not be shown to be over \$60,000 and may be much aiger. It wil not be possible to determine the exact amount of oss until function the vau t have been counted, as it is feared Aufcemorte extracted money from it. Among Au'cemorte's bapers were several forged certificates of deposit on local banks will ale maica n reply to an accress sent if m by the lac used to make good his accounts. It congress at present in session at Maestrits, seems Authorities would have absconced asking him to use is induced in securing with a much Arger sum lace not one of the panis in the city refused to cash a casex for \$30,000 which he presented on Friday and on upon the subject as the entire question of Mr. Lerwig as the would have led to the discovery of Au demorte's de a cation of the bank has repor ed the circumstance and be could have been prevented from leaving the

The Chicago Election Francs

Chic Ago, cube 8 - Renewed interest in the e ection franc cases has been developed tocay by the confession of Charles E. Gilmore, who was arrested for perjury on the trac of Gal ag ler in the United States district court. Gilmore's per iry consisted in an attempt to show that the nickets found in the Eighteenth ward bal it box had been printed prior to the election, while the fact was clear that they were printed after the election and substatuted for ballo s regularly cast. Gilmore now makes a ficavif that the scheme of per ury was prepared by Mack ti, and Gigmore also conessec to cay that he partic pated in theismostitution of the balo's and declares that the entire affair was arranged by Mackin, Callather and a New York "fine worker" whom he has described to the authorities. (remove prec se defint, on of frontier east of Zulhar. mons Glacstone stated that Russ a and ing-carried the bogus tickels to the county clerk's and the come to an agreement concerning office early on Monday, November 24th, and there gave the envelope to Thomas Dwyer, ST. PETERSBURG, June 6.—The "Novosti" referred to the arbitration. Le also stated cashier of the county clerk's office, a person that the governments of the two countries who has never hitherto been menhaned in connection with he crime.

A Committee's Report

Washington, June 5.-The conference of charities and corrections convened to-day. Lie committee on reports from the states reported a nighty encouraging condition of aairs and the committee suggested that its re be extended for another year and that a persons possessing anow edge of marters of nterest be invited to communicate free.v. De report emboused abstracts of reports from severa states, which were read by the secreatry of the convention or by de egates from the respective states. Reports from severa. southern states noted a quite general reduction of the system of hiring out convers and THE RECORDED OF MEASURES WHICH HAC A REBdency to miligate the evils of the system. A report from Delaware noted a mitigation in the severity of the which has system. Blooc was rare y crawn.
